

Cookie Policy

This website uses cookies in order to improve your experience on our website and to analyze our traffic. This cookie policy details which cookies we or other parties can place on your device and how we and other parties use this information within ISOMETRI. By continuing to browse this site, you accept the use of cookies and agree to our Cookie Policy and Privacy Policy.

If you have any comments or questions about this cookie policy or the collection and use of your personal data, please contact our data protection officer at privacy@isometri.net.

Cookies are small text files that can be used by websites to make a user's experience more efficient. The law states that we can store cookies on your device if they are strictly necessary for the operation of this site. For all other types of cookies we need your permission. This site uses different types of cookies. Some cookies are placed by third party services that appear on our pages.

The browser stores a file with a unique ID tag (a string of letters and numbers) which can track and keep information on your movements within the site and any information you may have voluntarily given while visiting the website, such as your email address.

Cookies are not viruses. They are plain-text files that cannot be self-executed or self-replicated, so they cannot be harmful on their own. A cookie includes only the name of the server the cookie was sent from, the lifetime of the cookie, and a random number value. The website uses this number to recognize a user when they return to a site or browse from page to page. The cookie alone cannot be used to identify the user.

Why do we use Cookies?

We only use Necessary, Statistical and Marketing Cookies. This means that We use cookies to automatically collect certain technical information when you make use of the Site, such as your IP address, the type of mobile device or computer you use to access the Site, details of your operating system and browser and other information regarding the configuration of your computer device.

In addition, the cookies on our website are used for the following purposes:

- To enable basic functions like page navigation and access to secure areas of the website
- To track visitors across websites
- To distribute traffic to the website to optimize response times
- To register and report anonymously the actions taken on the website

We also use a tool called “Google Analytics” to collection information about the use of the Site. Google Analytics collects information such as how often users visit this Site, what pages they visit when they do so and what other sites they used prior to coming to this Site. Google Analytics collects only the IP address assigned to you on the date you visit the Site, rather than your name or other identifying information. We do not combine the information collected through the use of Google Analytics with personally identifiable information. We use the information we get from

Google Analytics only to understand and improve our Site and services. Google's ability to use and share information collected by Google Analytics about your visits to this Site is restricted by the Google Analytics Terms of Use located at <http://www.google.com/analytics/terms/us.html> and the Google Privacy Policy located at <http://www.google.com/policies/privacy>.

You can at any time change or withdraw your consent from the Cookie Declaration on our website (see below). If you have any comments or questions about this Cookie Policy or the collection and use of your personal data, please contact our data protection officer at privacy@isometri.net.

Learn more about who we are, how you can contact us and how we process personal data in our Privacy Policy.

Please state your consent ID and date when you contact us regarding your consent.

Do we share information that is gathered by Cookies?

We do not share your personal information with third parties.

Changes to this Cookie Policy

We may alter this cookie policy at any time. If we do so, details of the changes will be highlighted at the bottom of this page. Any such changes will become binding on you on your first use of our Site after the changes have been made. You are therefore advised to check this page from time to time. In the event of any conflict between the current version of this cookie policy and any previous version(s), the provisions current and in effect shall prevail unless it is expressly stated otherwise. This privacy policy is currently valid and dated 07 January 2026.
